

IAALS, the Institute for the Advancement of the American Legal System, is a national, nonpartisan research center dedicated to facilitating continuous improvement and advancing excellence in the American legal system.

Our mission is to forge innovative and practical solutions to problems within the American legal system.

The IAALS Law Firm Council (LFC) is a group of firms whose members are invited to participate in IAALS' programming, to engage in our process, and to have a voice at the table of meaningful and impactful reform within the system. LFC members provide critical support by collaborating with IAALS to identify emerging issues and by providing feedback on our work as it develops. Individuals from member firms are invited to participate in IAALS' programming, to engage in our process, and to be an active voice in civil justice reform.

Your membership allows you the opportunity to connect with other member firms and to leverage your own involvement and impact in the following ways:

- Participation by up to four members of your firm in twice yearly member meetings
- Two tickets to our annual Rebuilding Justice Award Dinner
- Attendance at in-person and virtual meetings and webinars
- Member appreciation event
- Prominent recognition, logo, and link on IAALS' website and in marketing materials

PHILANTHROPIC PARTNERSHIP

With the support of many partners and friends, IAALS has grown from an idea to a nationally recognized force for positive, practical change in the legal system. In a time of divisiveness, IAALS has brought together diverse and divergent groups who have reached consensus on solutions to some of the legal system's most complex and persistent problems. We work across broad areas of reform and have made significant impacts, including:

- Streamlined state and federal civil case processes;
- Developed non-adversarial alternatives for divorcing families and facilitated national best practices;
- Built momentum for expanding access to justice and legal service offerings;
- Partnered with law schools to improve education, and with legal employers to improve hiring, retention, and diversity.

Ultimately, membership in Law Firm Council is an investment in IAALS' work as a nonprofit organization. Members invest \$10,000 annually as a commitment to their firm's belief in IAALS' vision: a legal system that is accessible, fair, reliable, efficient, and accountable—a system that works for people and inspires their trust—because a trusted and trustworthy legal system is essential to our democracy, our economy, and our freedom.

“The IAALS Law Firm Council presents a unique opportunity for firms to help advance the civil justice system. Member firms have the opportunity to partner with IAALS and other stakeholders to develop innovative solutions, which we can then implement to maximize impact in real time. I can't think of another organization offering anything similar.” – Katie Reilly, Partner, Wheeler Trigg O'Donnell LLP
