Joe Sims was on trial for the rape of Anna Lee. Anna Lee testified at the trial. Her testimony was that on her walk home from work a man pushed her into the woods and raped her. She identified Joe Sims as her attacker. Anna Lee is 5'1", 105 lbs, blonde, and very petite. During the trial the Prosecutor called Nora Moss, who testified that three years prior on her walk home from work approximately two miles from the rape of Anna Lee, she too had been pushed into the woods and raped. She, too, identified her attacker as Joe Sims. Nora Moss is 5'0", 104lbs, blonde and very petite. Mr. Sims is currently charged with the rape of Nora Moss but is not on trial for that crime nor has he been convicted of that crime. Joe Sim's attorney objects to Nora's testimony. The Judge overrules the objection and allows Nora's testimony.

## QUESTIONS:

1. Were there grounds for Joe Sim's attorney to object to Nora Moss' testimony?
2. Was the trial judge correct in allowing the testimony of Nora Moss?
